Your retailers want **lower** processing costs.
Fifty states have opinions about how they get there.

"What can you do about my card fees?" Every RMH reseller hears it. Pricing programs are the honest answer, and they are easy to get wrong: surcharge caps that change at the state line, debit rules that differ from credit, disclosures the card brands actually check.

HERO, **Higher Earning Revenue Options**, is Bold's partner resource program for getting it right. Inside: a pricing strategy comparison guide, sales talk tracks, a state-by-state compliance guide, merchant signage templates, and HERO certification for your team. All built to run inside RMH, so pricing displays correctly on every receipt and screen.

HERO gives RMH partners the playbook for selling dual pricing, cash discounting, and surcharging, the compliant way.

Protect your **margins**. Strengthen your **relationships**.
