

Hello,

The Officers and Board of Directors of the Josh Rojas Foundation would like to sincerely thank you for your generous \$\_\_\_\_\_ donation to our organization. We truly appreciate your support!

The Josh Rojas Foundation was created in memory of my 10-year-old son who passed away suddenly in 2005. Through the foundation, we strive to embrace devastated families who have lost their greatest treasure - their child. Due to the generosity of this amazing community, we can support other bereaved families in memory of our Joshua, and in honor of all children who have left us too soon.

Through our grief website [www.joshrojas.org](http://www.joshrojas.org), grief literature mailings, bereaved parent get-togethers and financial assistance with funeral expenses or small headstones, we are hopefully lightening some of the burden that these devastated families are experiencing. Please visit our website to see just how your generosity will assist bereaved families in the Rochester, NY area.

Again, thank you so very much for your wonderful support and contribution.

Sincerely,
